

We have been working very hard at St. Francis to make every child feel welcome and safe at our school. Parental involvement, as our mission statement states is vital to our school community for our security and success. We ask you to participate in our survey to help us identify our strengths and any areas of improvement that we may need to address. Thank you as always for your support of St. Francis of Assisi School.

Please print out the parent survey and return to the school by Friday October 2, 2009
