Dec. 12, 2008

**Science Homework  
Bibliography for science project**

**Hypothesis statement: Antacids will help soil polluted by acid rain**

1. "Antacid" Encyclopedia Britannica Online <<http://www.britannica.com>

This reference defined what an antacid is and explained what antacids are normally used for.

2. Zeller, Tom. "Recycling; The Big Picture" National Geographic Magazine Jan 2008.

This reference talked about how some recycling can reduce acid rain. It also described acid rain.

3. Earth's Crust - Rocks and Soil Series in Bill Nye the Science Guy. M6535: Disney, 1995.

This reference explained facts about soil and helped me to understand what healthy soil is.
